# 1. Bid Details

SI	Description	Details
1.	Notice Inviting Bid (NIB) No.	JREDA/SPV/01/SLs (LED and/or CFL)/2010-11 dt. 04.08.2010
2.	Scope of work	<p><b>Bids are invited from reputed Manufactures of Jharkhand registered with SSI/NSIC only</b> for manufacturing, testing, &amp; supply of Indigenous White LED Based and CFL based Solar Lanterns (model II A) under Solar Photovoltaic Program for Jharkhand Renewable Energy Development Agency (JREDA) <b>during 2010-11</b>. The quantity required is <b>14285 Nos.</b> LED based and <b>12500 Nos.</b> CFL based Solar Lantern respectively.</p> <p>The quantity mentioned above is tentative &amp; is subject to increase or decrease depending on the actual requirement at the time of placing order and resources available</p>
3.	Place of issue & submission of bid documents and address for communication	<p>Jharkhand Renewable Energy Development Agency (JREDA)            Plot No. 328/B, Road No. 4, Ashok Nagar, Ranchi, PIN 834 002, Jharkhand.            Phone No. : 0651-2246970; Fax No. : 0651-2240665            Website : www.jreda.com , E-mail : info@jreda.com</p>
4.	Date of sale of bid document	<p>Date : From <b>04<sup>th</sup> August 2010</b>            Time : <b>From 10:30 A.M. to 5:00 P.M. on all working days</b></p>
5.	Last date & time of submission of bids	<b>26<sup>th</sup> August 2010</b> <b>till 12:00 Noon</b>
6.	Date & time of opening of Part-I (Technical Bids)	<b>26<sup>th</sup> August 2010</b> <b>at 12.30 P.M.</b>
7.	Date & time of opening of Part- II (Financial Bids)	<b>Technically qualified bidders will be communicated the date &amp; time of opening of Part-II (Financial Bids) by JREDA</b>
8.	Cost of bid document (Non-refundable)	<ul style="list-style-type: none"> <li>➤ For SSI units registered in Jharkhand State : <b>Rupees Ten Thousand</b></li> <li>➤ For SSI units registered with Govt. of Jharkhand &amp; NSIC : <b>Nil</b></li> </ul>
9.	Earnest Money (Refundable)	<ul style="list-style-type: none"> <li>➤ For SSI units registered in Jharkhand State : <b>Rs. 50000/- and Rs. 30000/- for CFL and LED based SLs respectively for 1000 Nos. SLs and Rs. 25000/-&amp; Rs. 15000/- for every additional 500 Nos. of CFL and LED based SLs. Quoted for the supply.</b></li> <li>➤ For SSI units registered with Govt. of Jharkhand &amp; NSIC : <b>Nil</b></li> </ul>
10.	Minimum lot size	<p>The minimum quantity quoted should be <b>1,000 Nos. for CFL &amp; LED based Solar Lanterns.</b></p> <p>Bidders may also submit their offer for additional quantity in multiples of <b>500 Nos.</b> for either CFL based or LED based or both.</p> <p>For SSI Units, the quoted quantity should not be more than their annual production capacity.</p>
11.	Time of completion	<b>Within Three (3) months from the date of order.</b>
12.	Validity of offer	<b>The offer shall remain valid upto 180 days</b> from the due date of submission of offer.
13.	Validity of earnest money	The earnest money shall be submitted by the bidder in the form of bank guarantee of any Nationalized/Scheduled bank. This <b>bank guarantee shall remain valid for 12 months</b> from the last date of submission of bids.

## 2. Notice Inviting Bid

NIB No. : JREDA/SPV/01/SLs (LED and/or CFL)/2010-11

Date : 04.08.2010

To,

M/s .....,  
.....  
.....

**Sub : Manufacturing, Testing, and Supply of Indigenous Solar Lanterns (CFL based and/or LED based) under Solar Photovoltaic Program for Jharkhand Renewable Energy Development Agency during Year 2010-11.**

Dear Sir/Madam,

Jharkhand Renewable Energy Development Agency (JREDA), Ranchi has pleasure in inviting offers from eligible bidders of Jharkhand state for the above work with your best binding price offer as per our specifications and terms & conditions mentioned in the bid document. Salient features of the bid document are given below:

### 1. Bid Document

1.1 **This bid document comprises of total 14 chapters. In addition, any other documents/ instructions/amendments/revisions issued by JREDA to the bidder till the due date of opening of the bids shall also be deemed to be integral part of the bid document. Failure to furnish all the information as per the bid document in every respect will be at the bidder's risk.**

### 2. Cost of Bid Document

2.1 Bid document can be purchased from JREDA office by producing a Demand Draft drawn in favour of "Director, JREDA" on any Indian Nationalized Bank/Scheduled Bank, payable at "Ranchi" of requisite value, as applicable, during the time and period mentioned in chapter 1 (Bid Details).

2.2 Bidders can also download the bid document from JREDA website ([www.jreda.com](http://www.jreda.com)) and submit the cost of the bid document of requisite value, as applicable along with Part – I (Technical Bid).

2.3 Bid applications without the cost of bid document will be rejected. (For SSI registered with Govt. of Jharkhand)

### 3. Earnest Money

3.1 SSI unit registered with Govt. of Jharkhand shall submit in Part – I (Technical Bid) the earnest money in the form of bank guarantee of requisite value as mentioned in chapter 1 (Bid Details). The format for the bank guarantee is given in chapter 11 (Proforma - 6). The bank guarantee shall be made in favour of "Director, JREDA" payable at Ranchi from any Indian Nationalized bank/Scheduled bank.

- 3.2 This bank guarantee shall remain valid for 12 months from the last date of submission of bids.
- 3.3 Bidders (SSI with NSIC registered bidders) seeking concession/exemption from submission of earnest money, will have to submit an attested photocopy of relevant SSI unit certificate issued from the Govt. of Jharkhand and from NSIC, in Part – I of the bid application.
- 3.4 Bidders failing to submit earnest money or not submitting relevant SSI & NSIC registration certificate from the Govt. of Jharkhand and from NSIC (as the case may be) will be rejected.
- 3.5 The request for adjustment of earlier dues in place of earnest money will not be entertained.
- 3.6 The earnest money shall be returned to all unsuccessful bidders, **within thirty days** from the date of placement of LOI/LOA to the successful bidder(s).
- 3.7 The earnest money shall be forfeited if –
  - a. Any bidder withdraws his bid or resiles from his offer during the validity period.
  - b. The successful bidder fails to furnish his Acceptance of the Order within fifteen days of placement of LOI/LOA by JREDA.
  - c. The bidder fails to successfully complete the work within the stipulated time frame. Delay in completion due to extreme and unavoidable situations will have to be approved by Director, JREDA. This approval will also have a cut-off date by which the entire work will have to be completed.

#### **4. Security Deposit / Performance Guarantee**

- 4.1 Successful bidders registered as SSI units with Govt. of Jharkhand shall submit a security deposit 10% in the form of bank guarantee of the allotted work order value on or before 15 days from issuing work order.
- 4.2 Successful bidders registered as SSI unit with Govt. of Jharkhand & with NSIC shall submit a security deposit of 20 % of 10 % in the form of bank guarantee of the allotted work order value on or before 15 days from issuing work order.  
The Security Deposit shall be refunded after expiry of 90 days from the actual date of supply.

#### **5. Submission of Bids**

- 5.1 Bidders are advised to submit their bids strictly based on the specification, terms and conditions contained in the bid document and subsequent revisions/amendments, if any.
- 5.2 The bid shall be prepared and submitted in consecutively numbered pages duly signed by the authorized signatory with company seal affixed on each page. Any part of the bid, which is not specifically signed by the authorized signatory and not affixed with company seal, shall not be considered for the purpose of evaluation.
- 5.3 Original copy of bid document, amendments/revisions to bid document, including minutes of meeting(s), issued by JREDA, if any, shall be signed and submitted along with the bid.
- 5.4 All the Proformas must be on the bidder's official letterhead. Any change in wording of the Performa will lead to rejection of the bid application.

5.5 The offer shall contain no erasures or overwriting except as necessary to correct errors made by bidder. Such corrections, if any, shall be initialed by the person signing the offer.

**5.6 Original copy of Bid Document should be submitted in Hard Bond or Spiral Binding.**

**6. Mode of Submission of Bids**

6.1 The Part – I (Technical Bid) and the Part – II (Financial Bid) should be sealed in separate envelopes and both these envelopes should be sealed in a third envelope. The Part – II (Financial Bid) of only such organizations would be opened who qualify in the Part – I (Technical bid).

6.2 The Part – I (Technical Bid) should be sealed in an envelope super scribed (i) **“NIB No.: JREDA/SPV/01/SL(LED and/or CFL)/2010-11”**, (ii) “Part – I (Technical Bid)”, (iii) Name and address of the contact person of the bidding firm, and (iv) should be addressed to Director, JREDA. This envelope should contain the following:

(i) Cost of bid document (for the bidders who have downloaded the bid document from JREDA web site) or copy of demand draft/money receipt if purchased from JREDA office.

**(ii) Original earnest money in the form of bank guarantee of requisite value (as in Proforma 6).**

(iii) Copy of registration certificate of the firm.

(iv) For availing concession/exemption in submission of cost of bid document and earnest money by SSI Unit registered in Jharkhand with NSIC certificate, bidder should submit attested copy of relevant SSI registration certificate from Govt of Jharkhand and from NSIC.

(v) Properly filled, signed & stamped Proforma - 1, Proforma – 2, Proforma – 3, Proforma – 4 and Proforma – 5.

(vi) Letter of acceptance to furnish the information in Proforma – 7 and Proforma – 8, if the bidder is declared successful bidder and is given LOI/LOA by JREDA.

6.3 Part – I (Technical Bid) should not contain price of any item. Such cases, even if found any where, shall not be given any cognizance.

6.4 Part – I (Technical Bid) should be submitted in original plus 1 copy (1+1)

6.5 The Part – II (Financial Bid) should be sealed in an envelope super scribed (i) **“NIB No. : JREDA/SPV/01/SL(LED and/or CFL)/2010-11”**, (ii) “Part – II (Financial Bid)”, (iii) Name and address of the contact person of the bidding firm, and (iv) Should be addressed to Director, JREDA. This envelope should contain the following :

(i) It should contain only Performa - 9 duly filled-up in both figures and words and signed with stamp by authorized signatory of the bidder.

(ii) In case of any contradictions between the prices mentioned in figures and words, the prices mentioned in words shall be considered final. Also, in case of any arithmetical error in regard to the total amount and individual rates, the individual rates shall be taken as final and the total amount shall be adjusted accordingly.

- 6.6 Part – II (Financial Bid) should be submitted in original only (1+0).
- 6.7 Both, Part – I and Part – II of the bid document should be sealed in a third envelope. The third envelope should be sealed and super scribed (i) "NIB No. : JREDA/SPV/ 01/SL/(LED and/or CFL)2010-11", (ii) "Offer for Supply of Solar Lanterns under Solar Photo Voltaic Program"., (iii) Name and address of the contact person of the bidding firm, and (iv) Should be addressed to Director, JREDA.

#### **6.0 Scope of Work**

- 6.1 The scope of work shall be as indicated in the Bid Details.
- 6.2 JREDA reserve absolute rights to distribute the total number of SLs (CFL and/or LED based) required to be supplied under the NIB amongst any number of bidders, in the way it deems fit.
- 6.3 JREDA reserves the right to amend the scope of work, accept or reject any or all the offers/bids, in part or in full or cancel/withdraw the invitation for bids without assigning any reasons whatsoever and in such case, the bidder/intending bidder shall have no claim arising out of such action.
- 6.4 The Bidder shall carefully check the specification and shall satisfy himself regarding the technical requirement and completeness of the equipment/system.
- 6.5 Bidder may submit their offer for minimum lot size defined or additional quantities

#### **7.0 Price**

- 7.1 The Bidder shall quote price as per Proforma - 9. Price quoted shall be firm & binding and shall not be subject to any variation whatsoever, on any account except for statutory variation on taxes & duties during contractual completion period.
- 7.2 The price should be inclusive of all taxes, duties, levies, etc. as on date.

#### **8.0 Terms of Payment**

- 8.1 Subject to any deductions, which JREDA may be authorized to make under the terms of the order, the contract price shall be payable as per general clauses of contract enclosed.

#### **9.0 Authority of Person Signing the Documents**

- 9.1 Authorization letter as per Proforma – 2 with the seal of the company for the person signing the bid document or attending the bid opening meeting should be furnished.
- 9.2 A person signing the bid document or any document forming part of the bid document shall be deemed to warrant that he has authority to bind such offer/ document and if on enquiry it appears that the person signing had no authority to do so, JREDA may, without prejudice to other civil and criminal remedies, cancel the bid/contract and hold the signatory liable for all costs and damages.

## **10.0 No Claim or Compensation for Submission of Tender**

10.1 The bidder whose bid is not accepted shall not be entitled to claim any costs, charges, expenses of and incidental to incurred by him through or in connection with his submission of bid, even though JREDA may decide to withdraw the notice inviting bid.

## **11.0 Eligibility and Qualification Criteria**

11.1 The bidder shall meet the following requirements :

- (i) The bidder should be a reputed supplier of SLs (CFL and/or LED based) and who manufactures at least one of the major sub systems (namely, PV Modules or Storage Battery or Electronics) used in the SLs.
- (ii) The bidder should have adequate facilities for testing of the SLs.
- (iii) The bidder shall furnish registration certificate clearly indicating that they are manufacturers of SLs including PV Module/Storage Battery/Electronics as applicable.
- (iv) Bidder shall also submit list of testing facilities with it along with photographs of testing facilities.
- (v) The bidder must be in possession of valid test report for the SLs from any of the following test centers :
  - Solar Energy Centre Gwalpahari – Gurgaon, Haryana (SEC)
  - Electronics Regional Test Laboratory (East) Bidhan Nagar, Kolkata (ERTL)
  - Central Power Research Institute, Bangalore (CPRI)
- (vi) The corresponding test reports clearly indicating the validity shall be submitted along with bid. The test certificate (MNRE specifications 2006-07 or later for CFL based and latest MNRE specifications for LED based solar lantern) issued on or after 1st April 2009 will be eligible for supply for 2010-11 program subject to meeting other eligibility criterion. Test Certificate issued before 1st April 2009 will lead to outright rejection of the Bid. The technical specifications are given in chapter 4.
- (vii) The bidder should have supplied solar photovoltaic systems of the value of at least Rupees One Crore to any State Nodal Agency/ Government Organization during any one of the past three financial years (i.e. 2007-08, 2008-09, and 2009-10) and supplies against such work order should have been completed satisfactorily as certified by the State Nodal Agency concerned.
- (viii) The bidder shall submit self attested photocopies of purchase orders/contracts received from the State Nodal Agencies. Non-submission of above document may result in rejection of bid.
- (ix) The bidder shall submit photocopy of certificate of satisfactory completion attested by a Gazetted officer/State Nodal Agencies for which the bidder has done work and mentioned in this bid document. Non-submission of above document may result in rejection of bid.

- (x) The bidder should have supplied at least 1000 Nos. of LED & 1000 Nos. CFL based Solar Lantern to any State Nodal Agency/ Government Organization during any one of the past three financial years (i.e. 2007-08, 2008-09, and 2009-10) and supplies against such work order should have been completed satisfactorily as certified by the State Nodal Agency concerned.

**12.0 Validity of Offer**

- 13.1 Unless otherwise specified, the bidder shall keep his tender valid initially for a period of 180 days from the due date of submission of the offer.

**13.0 Other Terms & Conditions**

- 13.1 For availing any concession in the cost of bid document or earnest money, the SSI unit with NSIC bidder shall have to furnish attested copies of valid SSI registration certificate (all pages) issued by the Govt. of Jharkhand and from NSIC clearly indicating validity & monetary limit, as applicable.
- 13.2 For availing any concession in the cost of bid document or earnest money, the SSI Unit bidder shall have to furnish a certificate issued on or after 1<sup>st</sup> April 2008 from Department of Industries, Govt. of Jharkhand and/or NSIC, Regional Office, Jamshedpur, as applicable, that the unit is functional mentioning the installed capacity of the unit to produce solar device per annum. The annual production capacity certified above shall be considered while placing the order.
- 13.3 Insertion, post-script, addition and alteration shall not be recognized unless confirmed by bidder's signature and stamp.
- 13.4 Incomplete tender or tenders not submitted as per requirement as indicated in the NIB are likely to be rejected.
- 13.5 Bidders shall submit their offer strictly as per terms and conditions of the tender document without any deviation.
- 13.6 If at any time any of the documents/information submitted by the bidder is found to be incorrect, false or untruthful, the bid and/or the resultant order may be summarily rejected/ cancelled at the risk of the bidder.
- 13.7 Failure to furnish all information and documentary evidence as stipulated in the bid document or submission of an offer that is not substantially responsive to the bid document in all respects shall be summarily rejected.
- 13.8 All bids will be received in duly sealed cover within the due date and time. Bids received after the due date and time is liable for outright rejection.
- 13.9 No postal transaction shall be entertained for obtaining bid documents.
- 13.10 Issuance of bid documents shall not construe that the bidders would be automatically considered qualified.

- 13.11 JREDA reserves the right to reject part or whole of the bid/order without assigning any reason thereof or postpone the date of receipt and opening of the bids or cancel the bid without bearing any liability, whatsoever, consequent upon such decision.
- 13.12 Attestation of various documents enclosed along with the offer must be done by a Gazetted Officer or Notary Public.
- 13.13 Bid documents are not transferable.

### **3. General Terms & Conditions**

#### **1.0 Scope of Work**

- 1.1 The Scope of work for LED based and CFL based Solar Lanterns includes — Manufacturing, shop testing, packing & forwarding, transportation, transit insurance, supply and testing complete set in all respects along with one set of operational instruction cum maintenance manual (both English and Hindi) for each set and delivery on FOR destination/site (door delivery) basis across the State of Jharkhand as per the direction of JREDA. The list of destinations/consignees will be given to the successful bidder by JREDA before the start of dispatch.

#### **2.0 Opening and Evaluation of Bids**

- 2.1 The Part – I (Technical Bids) and Part – II (Financial Bids) will be opened on the date and time mentioned in the Bid Details in the office of the Director, JREDA at Plot No. 328/B, Road No. 4, Ashok Nagar, Ranchi in the presence of bidders or their authorized representatives who choose to attend the meeting. The representative should produce authorization letter to attend the bid opening meeting in the Proforma - 2. The representative who does not produce such authorization will not be allowed to attend the bid opening meeting.
- 2.2 JREDA, if required, may at its discretion obtain clarifications on offers by requesting clarifications from any or all the bidders at any time prior to Part –II (Financial Bid) opening. Such request for clarification and the response shall be in writing.
- 2.3 JREDA shall examine whether the bid is complete in all respects and confirm to the stipulated requirement of the technical specifications and tests reports. The bid having material deviation shall be rejected as being non-responsive.
- 2.4 The Part – II (Financial Bid) of only those bidders, whose Part – I (Technical Bid) are found acceptable after evaluation, will be opened and evaluated. In case of deviation in the date and time of opening of the Part – II (Financial Bid) from what is given in the Bid Detail, the date & time for opening of the Part – II (Financial Bid) will be uploaded on JREDA website. Bidders are requested to visit the website ([www.jreda.com](http://www.jreda.com)) regularly and keep themselves informed.
- 2.5 The Part – II (Financial Bid) will be opened in the office of Director, JREDA at Plot No. 328/B, Road No. 4, Ashok Nagar, Ranchi 834002, in the presence of eligible bidders or their authorized representative. The authorized representative will be allowed to attend the price bid opening on production of authorization letter.
- 2.6 The prices for both CFL based and LED based Solar Lanterns shall be evaluated on the Landed Price (P) (inclusive all taxes, duties, freight, insurance, etc) for SLs.
- 2.7 The bidders shall be ranked L1, L2, L3 ...as per the Landed Price (P). The Purchase Committee of JREDA will have the discretion to divide the quantity to be supplied among any number of technically qualified bidders at L1 rate. The work order will be issued subject to the acceptance of the bidders to supply at L1 rate.

2.8 JREDA, if required, may at its discretion extend the scheduled date of opening of Part – II (Financial Bid).

### **3.0 Award of Contract/Work Order**

3.1 The contract/work order shall be awarded to the bidder whose Part – I (Technical Bid) was acceptable and who is selected by the Purchase Committee of JREDA to undertake the work at L1 rate.

### **4.0 Quantity of Supply**

4.1 The quantity required as given in the Bid Details of Notice Inviting Bid is tentative and is subject to increase or decrease depending upon the actual requirement at the time of placing order and resources available.

4.2 Bidders may submit their offer for minimum lot size and additional quantities as defined in the Bid Details.

4.3 In case any bidder offers less than the minimum lot size their offer will be rejected.

### **5.0 Effective Date of Contract**

5.1 The effective date of commencement of execution of the order by the selected contractor shall be the date of issue of the LOI/LOA/Purchase Order whichever is earlier.

### **6.0 Contract Price**

6.1 The total contract price & rates of SLs in full and on complete set including SPV module, control electronics, battery, mechanical components, etc. should be quoted in Proforma -9. The price shall be for the total scope as defined in this document.

6.2 The contract price for supply of items in full & good condition at FOR Site/Stores site (door delivery basis) to various consignees across the State of Jharkhand, include transit insurance. Contract Price also includes all charges towards packing & forwarding, inspection, insurance and freight including door delivery charges. Contract Price is also inclusive of excise duty, central sales tax, Jharkhand VAT on the finished items, turnover tax (TOT)/octroi, professional tax, entry tax, etc. as applicable for the supplies.

6.3 During the period of the contract, JREDA may order addition/deletion in quantities which the supplier shall comply. The adjustment in Contract Price shall be made at the same unit rate as per Price Schedule (Proforma – 9).

### **7.0 Terms of Payment**

7.1 Subject to any deductions which JREDA may be authorised to make under the terms of the order, the Contract Price shall be payable as given below:

(a) 95% of the Contract Price shall be paid against delivery of goods in full and in good condition and random verification by JREDA representative after submission of following documents:

1. Certificate of delivery of the number of SLs received by the consignee as specified in Proforma – 8.
2. Commercial invoice of the supply made in triplicate.
3. Two Copy of serial nos. of supplied quantity of Solar Lanterns & Solar PV Modules

4. Copy of receipted delivery challan/transportation challan/lorry receipt with sign & seal.

(b) 5% of the Contract Price shall be paid after completion of warranty period (2 Years) or against submission of Bank Guarantee of equivalent amount valid for a period of 2 years.

1. All payments shall be released by JREDA within 30 days that shall be reckoned from the date of receipt of all the documents in complete as stipulated against each payment.

2. All payments shall be released by JREDA through account payee cheque issued in favour of the Supplier and payable at Ranchi.

3. All the payments shall be paid in the name of only successful bidder not to anyone else.

#### **8.0 Income Tax**

8.1 Without prejudice to the obligations of the Supplier under law, any Income Tax, which JREDA may be required to deduct by law/statute, shall be deducted at source and shall be paid to the Income Tax authorities on account of the Supplier. JREDA shall provide the Supplier a certificate for such deduction of tax.

#### **9.0 Statutory Variations in Taxes and Duties**

9.1 The adjustment in the Contract Price towards imposition of new taxes or abrogation of existing taxes due to statutory variation shall be applicable only if the new tax is enacted or existing tax is abrogated within contractual delivery/execution period. For any upward variation due to enactment of new tax or abrogation of existing tax after contractual delivery/execution period, adjustment in the Contract Price shall not apply, although for any downward variation, JREDA shall make necessary adjustment in the rate of the items.

9.2 The Supplier shall bear and pay all liabilities in respect of statutory variations in taxes and duties and imposition of new taxes and duties that may be imposed after the contractual delivery/execution dates, as originally stipulated, in case the delivery dates are extended due to reasons attributable to Supplier.

#### **10.0 Agreement**

10.1 The successful suppliers have to enter into an agreement within two weeks, in the office of the Director, JREDA in prescribed format before commencement of supply/services.

#### **11.0 Inspection of the Factory and Tests**

11.1 JREDA reserves the right to inspect the manufacturer's works/factory to ascertain the capability/availability of necessary equipment & infrastructure required for manufacture of the item offered.

11.2 JREDA shall have access and right to inspect the work or any part thereof at any stage.

11.3 JREDA shall have the right to inspect and test the goods to confirm their conformity to the technical specifications after delivery of goods to consignee.

11.4 Successful bidder shall inform JREDA at least 25 days in advance of schedule dispatch.

## **12.0 Dispatch Instructions**

- 12.1 All items/equipments shall be subjected to pre-dispatch inspection by JREDA or its authorized representative(s) as per relative standards/provisions approved by JREDA before dispatch of items.
- 12.2 The equipment shall be dispatched as per the detailed "Dispatch Instructions" which will be required to be followed strictly at the time of dispatch. However, equipment shall be dispatched only after receipt of "Dispatch Clearance" from JREDA after inspection and acceptance of the equipment is over. No consignment shall be dispatched without receipt of dispatch clearance from JREDA.

## **13.0 Road Permit**

- 13.1 Road permits shall be issued from the bidders Registered Office or Manufacturing Unit (as indicated by the bidder in the bid) to FOR in Jharkhand. Request for road permit from the place other than above will not be entertained.

## **14.0 Transit Insurance**

- 14.1 Transit Insurance shall be arranged by the Supplier for his total supplies. In case of any damage/loss/pilferage/non-delivery during transit, the Supplier shall lodge the claim and settle the claim with the insurance agency. The Supplier shall also arrange replacement of the damaged, lost/pilfered items expeditiously pending settlement of commercial implications with insurance agency, if any, so as not to hamper the working of the system. The resultant loss if any due to failure of Supplier/Sub-supplier to comply with the above shall be to the account of the Supplier.

## **15.0 Training Program, After Sales Service and Availability of Spare Parts**

- 15.1 The responsibility of organizing training program for SLs will rest on the successful bidder. The training program will be organized in consultation with JREDA/Consignee. The training program will focus on operation and maintenance of SLs. Printed leaflet/literature should be made available in Hindi by the Supplier regarding the operation and maintenance of their SLs.
- 15.2 The Supplier shall depute authorized Service Engineer within 7 days from the date of the intimation of fault, and establish sufficient inventory of spares in the State in consultation with JREDA to provide satisfactory and uninterrupted services during the warrantee period.

## **16.0 Completion Schedule**

- 16.1 The delivery of goods at FOR destination in full as per the terms and conditions of the contract/order shall be completed within **Three (3) months** from the date of issue of the LOI or LOA whichever is earlier.

## **17.0 Guarantee Period**

- 17.1 The manufacturer must provide warrantee which include servicing & replacement warrantee for parts and components (such as battery, electronics, lamps etc) of Solar Lanterns for 2 (Two) years from the date of supply of the SLs & demonstration of performance to the consignee/JREDA.

17.2 The guarantee card to be supplied with the system must contain the details of the system supplied as given in the Proforma - 7. The manufacturers can also provide additional information about the system and condition of guarantee as necessary.

17.3 Supplier shall without prejudice to any other clauses of the order repair/replace the defective parts and restore the system to satisfactory working/performance within 7 days of intimation of fault without any additional cost to JREDA within the period of Contract.

**18.0 Assignment/Sub Letting/Pre Bidding Tie Up**

18.1 The Supplier shall not assign or sub let, manufacture, assembly, shop testing, packing & forwarding, transportation, transit insurance, supply, in whole or part, its obligations to any third party to perform under the order/contract.

18.2 In the event the Supplier contravenes this condition, JREDA reserves the right to reject the equipment/work sub-contracted and procure the same from elsewhere at Supplier's risk and cost. The Supplier shall be solely liable for any loss or damage which JREDA may sustain in consequence or arising out of such replacing of the contract work.

**19.0 Liquidated Damages for Delay in Completion**

19.1 The completion period for the assignment has been worked out and all resource & work planning is to be done accordingly with flexibility for adjustments.

19.2 If the Supplier fails in the due performance of the contract to deliver and commission any part of the equipment or complete the work within the scheduled date for any reason other than due to Force Majeure conditions or any extension thereof granted to him by JREDA, he shall be liable to pay to JREDA as pre-agreed liquidated damages but not by way of penalty on account of delayed successful commissioning, a sum equal to ½% of total contract value per week of such delay, or part thereof, subject to maximum of 5% of the Total Contract Value.

19.3 The liquidated damages for delayed completion shall be recovered from the Supplier's Bill/Bank Guarantee deposited as earnest money.

19.4 Deductions/payment of liquidated damages shall in no way relieve the Supplier from his contractual responsibility to complete the works.

**20.0 Cancellation of Order**

20.1 JREDA will be at liberty to terminate in part or full the awarded contract without prejudicing its rights and affecting the obligations of the Contractor by giving seven (7) days notice in writing in the following events :

(a) If the Manufacturer is found defaulter for delayed supply or failure to deliver satisfactory performance or supply of substandard materials pursuant to NIB conditions.

(b) If the Supplier/Vendor fails to comply with the provision (s) of the contract including the responsibilities to fulfill the 2 Years warranty Contract as per the provisions mentioned in this bid document.

(c) If the Supplier/Vendor is involved in any action of moral turpitude.

## **21.0 Arbitration**

- 21.1 All disputes or differences, whatsoever, arising between the parties out of or in relation to the construction, meaning and operation or effect of this contract or breach thereof shall be settled amicably.
- 21.2 If, however, the parties are not able to resolve them amicably, the same shall be settled by arbitration in accordance with the Rules of Arbitration of the Indian Council of Arbitration and Conciliation & Arbitration Act 1996 and the award in pursuance thereof shall be binding on the parties.
- 21.3 The venue of arbitration proceeding shall be within Jurisdiction of Court of Law at Ranchi only.
- 21.4 Work under this contract shall be continued by the Supplier during the arbitration proceedings, unless otherwise directed in writing by JREDA or unless matter is such that the work cannot possibly be continued until the decision of the Arbitrator is obtained.

## **22.0 Force Majeure**

- 22.1 Should at any time during the continuance of the contract the performance in whole or in part of any obligations by either party under this contract be held up by reasons of any war, hostility, acts of foreign enemy, civil commotion, sabotage, fires, floods, earthquakes, explosions, epidemics, cyclones, quarantine restrictions, Governmental regulations, law & order and other proclamation etc. (hereinafter referred to as "Events") then, provided notice of the happening of any such eventuality is given by either party to the other within 10 days from the date of occurrence thereof neither party shall, by reasons of such eventuality, be entitled to terminate this contract, nor shall either party have any claim for damages against the other in respect of such non-performance or delay in performance, and the work under this contract shall be resumed as soon as practicable after such eventuality has come to an end or ceased to exist.
- 22.2 Should one or both the parties be prevented from fulfilling their contractual obligations by a state of force majeure, lasting continuously for a period of at least four (4) weeks, the two parties should consult each other regarding the further implementation of the contract with the provision that if no mutually satisfactory arrangement is arrived at within a period of 2 weeks from the expiry of 4 weeks referred to above, the contract shall be deemed to have expired at the end of the aforesaid 2 months. Such expiry of the contract will not relieve the parties from the obligations to reach agreement regarding winding up and financial settlement of the contract.
- 22.3 The above mentioned force majeure events shall not include constraints, which could prudently be foreseen like shortage of power, non-availability of raw materials, difficulties in making transport arrangement, break down of machines, strikes, lock outs, etc.
- 22.4 The above-mentioned force majeure conditions/clause shall also apply in the works of sub-contractors/suppliers of the contractor.
- 22.5 However, the Supplier shall not be liable for liquidated damages or termination/cancellation of order/contract if and to the extent that its delay in performance or other failure to perform its obligations under the contract is the result of an event of force majeure.

## 4. Technical Specification

### (A). Solar Lantern White LED Based

#### 1.0 Definition

1.1 Light Emitting Diode (LED) is a device which emits light when an electric current passes through it. A Solar lantern is a lighting system consisting of a lamp, battery and electronics, all placed in a suitable housing, made of metal, plastic or fiber glass, and a PV module. The battery is charged by electricity generated through the PV module. The lantern is basically a portable lighting device suitable for either indoor or outdoor lighting, covering a full range of 360 degrees. A LED based solar lantern system aims at providing solar electricity for operating LED lights for specified hours of operation per day.

#### 2.0 Technical Specification

2.1 The White LED solar lantern shall be of indigenous make and should conform to the following specifications :

#### BROAD PERFORMANCE PARAMETERS

Light Source                      White Light Emitting Diode (W-LED), dispersed, soothing to eyes

Light Output                      Minimum level of illuminance from WLED lantern

S.No	Distance	When detector is in horizontal to center point of bottom of light source	When detector is at right angle to the center point of bottom of light source
1	1 feet	32 Lux	105 Lux
2	2 feet	6.5 Lux	32 Lux
3	3 feet	3 Lux	16 Lux
4	4 feet	2 Lux	9.5 Lux
5	5 feet	1.5 Lux	6.5 Lux

Mounting of light                      Top or base mounted

PV Module                              3.0 Wp under STC

Battery                                  Lead acid Sealed maintenance free or Ni MH or Lithium Ion, with a capacity of 4.5 AH, at voltage of to 6.0 V @ C/20, Max DoD 75% or equivalent capacity

Electronics                              Min 80% total efficiency

Average duty cycle                      4 hours a day

Autonomy                                  Minimum of 3 days (Minimum 14 operating hours per permissible discharge)

It should be possible to charge the W-LED solar lanterns through a central charging station also. For central charging the battery capacity may be for a maximum of 8 hours and the design battery voltage may be as specified.

### **3.0 Duty Cycle**

3.1 The LED solar lantern system should be designed to operate for average 4 hours a day, under average daily insolation of 5.5 kWh /sq.m. on a horizontal surface.

### **4.0 Light Source**

4.1 The light source will be of white LED type. Single lamp or multiple lamps can be used. Wider view angles preferred. The luminous performance of LEDs used should not be less than 55 lumen/watt. White colour, Higher light output will be preferred. The colour temperature of white LEDs used in the system should be in the range of 5500° K – 6500° K. Use of LEDs which emit ultraviolet light is not permitted.

- The light output from the white LED light source should be constant though out the duty cycle.
- The lamps should be housed in an assembly suitable for indoor and outdoor use.
- The make, model number, country of origin and technical characteristics of white LEDs used in the lighting system must be furnished to the test centers and to the buyers. In absence of this data the solar lantern may not be tested by the test center.

### **5.0 Battery**

5.1 Sealed maintenance free battery. Battery should conform to latest BIS standards or international standards. A copy of the test certificate for the battery (including its make, country of origin and model number) used in the system should be provided to the test center and buyer.

5.2 At least 75 % of the rated capacity of the battery should be between fully charged & load cut off conditions

5.3 The battery will have a minimum rating of 6V, 4.5 Ah at C/20 discharge rate at 27 degree centigrade.

### **6.0 Electronics**

6.1 The total electronic efficiency should be at least 80 %.

6.2 Electronics should operate at 6 V and should have temperature compensation

6.3 For proper charging of the battery through out the year.

6.4 The light output should remain constant with variations in the battery voltages.

6.5 Necessary lengths of wires / cables, switches suitable for DC use and fuses should be provided.

### **7.0 PV Module (s)**

7.1 The PV modules based on crystalline silicon solar cells may be used. In all cases a test report is required from authorized test center.

7.2 The power out put of the PV module must be reported under standard test conditions (STC) at loading voltage. I-V curve of the sample module should be submitted to the test center at the time of system qualification testing.

7.3 The open circuit voltage of the PV modules under STC should be at least ..... Volts.

- 7.4 The terminal box on the module should have a provision for opening for replacing the cable, if required.
- 7.5 A strip containing the following details should be laminated inside the module so as to be clearly visible from the front side.
- i. Name of the Manufacturer or distinctive logo.
  - ii. Model or Type Number
  - iii. Serial Number
  - iv. Year of Make
- 7.6 Models of reputed make shall be offered.
- 7.7 Monogram of JREDA along with following details translated into Hindi language in Devnagari script shall be screen printed in indelible ink or paint on the back side of each PV module :
- Solar Photo Voltaic Program 2010-11
  - Not for sale or transfer
  - Statutory action would be taken by JREDA, if it found sold or transferred under different Sections of IPC.
- 7.8 Frame of PV module shall be painted with Dark Brown colour.
- 7.9 A strip containing the following details should be mentioned in Hindi and pasted in permanent manner at the back of the module :
- Cost of the System
  - Government subsidy on the system
  - Beneficiary's contribution for the system
- 8.0 Electronic Protection**
- 8.1 Adequate protection is to be incorporated under no load conditions, e.g. when the lamps are removed and the system is switched ON.
- 8.2 The system should have protection against battery overcharge and deep discharge conditions. The numerical values of the cut off limits must be specified, while submitting the samples for the testing purposes.
- 8.3 Fuses should be provided to protect against short circuit conditions.
- 8.4 A blocking diode should be provided as part of the electronics, to prevent reverse flow of current through the PV module(s), in case such a diode is not provided with the PV module.
- 8.5 Full protection against open circuit, accidental short circuit and reverse polarity should be provided.
- 9.0 Other Features**
- 9.1 The system should be provided with 2 LED indicators: a green light to indicate charging in progress and a red LED to indicate deep discharge condition of the battery. The green LED should glow only when the battery is actually being charged.

9.2 There will be a Name Plate on the system body which will give:

- Name of the Manufacturer or Distinctive Logo.
- Model Number
- Serial Number
- Year of manufacture

#### **10.0 Quality & Warrantee**

10.1 Components and parts used in White LED solar Lantern should conform to the latest BIS / international specifications, wherever such specifications are available and applicable. A copy of the test report / certificate stating conformity of BIS / international standards must be submitted to the test centre.

10.2 The PV module will be warranted for a minimum period of 10 years from the date of supply and the White LED solar lantern system will be warranted for a period of at least 2 years from the date of supply. The battery should be warranted for a period of at least two year

#### **11.0 Documentation**

11.1 An Operation, Instruction and Maintenance Manual, in English and the local language, should be provided with the solar home system:

The following minimum details must be provided in the Manual:

- (a) About Photovoltaics
- (b) About White LED solar Lantern system - its components and expected performance
- (c) About PV module. In case of imported modules it is mandatory to provide a copy of the international product qualification certificate to the test centre.
- (d) About White LED Lights. The make, model number, country of origin and technical characteristics of LEDs should be stated in the product data sheet and furnished to the test centers
- (e) About battery.
- (f) Clear instructions about mounting of PV module.
- (g) About electronics.
- (h) About charging and significance of indicators.
- (i) DO's and DONT's,
- (j) Clear instructions on regular maintenance and trouble shooting of solar home system.
- (k) Name and address of the person or service center to be contacted in case of failure or complaint

## (B). Solar Lanterns (CFL Based, Model II A)

### 1.0 Definition

1.1 A Solar Photovoltaic Lantern is a lighting system consisting of a lamp, battery and electronics, all placed in a suitable housing, made of metal, plastic or fiberglass and a PV module. The battery is charged by electricity generated through the PV module. The lantern is basically a portable lighting device suitable for either indoor or outdoor lighting, covering a full range of 360 degrees. A lighting device, which provides only unidirectional lighting, will not be classified as a solar lantern in the present context.

### 2.0 Technical Specification

2.1 The solar lantern shall be of indigenous make and should conform to the following specifications :

Model	Components	Specification
Model II A	PV Module	10 to 11.09 Wp
	Lamp	1 x CFL (7 W)
	Battery	Battery Capacity at C/20 Rate, 1 x 12 V, 7 AH
	Other Components	Control Electronics, Switches, Operation, Instruction and Maintenance Manual, etc.

### 3.0 Duty Cycle

3.1 The Solar Lantern should provide a minimum of 3/4 hours of lighting per day under average daily solar radiation conditions of 5 kWh / sq.m. on a horizontal surface. The actual duration of lighting may vary depending on the location, season, etc.

### 4.0 Lamps

4.1 The lamps shall be compact fluorescent (CFL) type, with rating of 7 W. A suitable pre-heating circuit must be provided for 4-Pin type CFLs. The lamp should preferably be mounted in a base up configuration.

4.2 The light output from the lamps should be  $370 \pm 5\%$  lumens for 7 W lamp. No blackening or reduction in the lumen output by more than 10% should be observed after 1000 ON/OFF cycles (two minutes ON followed by four minutes OFF is one cycle).

### 5.0 Battery

5.1 The battery shall be sealed, maintenance free lead acid type battery.

5.2 The battery will have a minimum rating of 12V, 7.0Ah (at C/20) discharge rate at 27 degree centigrade.

80% of the rated battery capacity (~ 5.6AH at 12V, 27°C) should be between the low voltage and high voltage cut-off points specified in the performance requirements of the electronics used in the solar lantern.

### 6.0 Electronics

6.1 The inverter will be of quasi sine wave/sine wave type with a crest factor less than 1.7 and the frequency in the range of 20-35 KHz Half-wave operation is not acceptable.

- 6.2 The overall efficiency of the control electronics should be more than 80%.
- 6.3 The idle current (i.e. the current consumed when the lamp is switched OFF and no charging is in progress) should not be more than 1 mA.
- 6.4 The PCB containing the electronics should be capable of solder free installation and placement.
- 6.5 The voltage drop from module terminals to the battery terminal should not exceed 0.5 volts including drop across the diode and the cable.
- 6.6 The low voltage cut- off set point will not be lower than 11V and the high voltage cut off should be below 14.3V at 27°C.
- 6.7 The electronics circuit shall be designed to ensure full charging of the battery under different ambient temperatures (0–45°C). Further the electronics circuit should have adequate temperature compensation for proper charging of the battery through out year.

## **7.0 PV Module**

- 7.1 The SPV module to be used with solar lantern must have a minimum of 10 Wp (at least 610Ma  $I_{load}$  when measured at  $16.40 \pm 0.2$  Volts load condition) under standard test conditions (STC) of measurement.
- 7.2 The module should preferably have an arrangement (stand) for mounting at the optimum angle in the direction facing the sun.
- 7.3 In case of thin film solar cell modules, the specified values refer to the stabilized power output after the initial degradation.
- 7.4 The terminal box on the module should have a provision for opening it for replacing the cables, if required.
- 7.5 A strip containing the following details should be laminated inside the module so as to be clearly visible from the front side.
- I. Name of the Manufacturer or distinctive logo.
  - II. Model or Type Number
  - III. Serial Number
  - IV. Year of Make
- 7.10 Models of reputed make shall be offered.
- 7.11 Monogram of JREDA along with following details translated into Hindi language in Devnagari script shall be screen printed in indelible ink or paint on the back side of PV module :
- Solar Photovoltaic Program 2010-11
  - Not for sale or transfer
  - Statutory action would be taken by JREDA, if it found sold or transferred under different Sections of IPC.

- 7.12 Frame of PV module shall be painted with Dark Brown colour.
- 7.13 A strip containing the following details should be mentioned in Hindi and pasted in permanent manner at the back of the module :
- Cost of the System
  - Government subsidy on the system
  - Beneficiary's contribution for the system

#### **8.0 Electronic Protection**

- 8.1 Adequate protection is to be incorporated under no load conditions (e.g. when the lamp is removed and the lantern is switched ON).
- 8.2 Battery cut offs & reconnects should be provided to protect it against overcharge and deep discharge condition.
- 8.3 Fuses should be provided to protect against short circuit conditions.
- 8.4 A blocking diode, preferably a Schottky diode, should be provided as part of the electronics to prevent reverse flow of current through the PV module, if such a diode is not provided with the module itself.
- 8.5 Full protection against open circuit, accidental short circuit and reverse polarity should be provided.

#### **9.0 Other Features**

- 9.1 Two LED indicators one for a green light to indicate charging in progress and another red LED to indicate deep discharge conditions of the battery suggesting that load should be switched off and the battery must be charged immediately should be provided on the body of the lantern. The green LED should glow only when the battery is actually being charged.
- 9.2 The ON/OFF switch used in the SLs must be suitable for use in DC circuit and be reliable with long life. Use of electronic switch is allowed. A cable of suitable length (minimum 5 meters) should be provided for inter connection between module and SLs.
- 9.3 The following details should be marked indelibly on the body of the SLs.
- i. Name of the Manufacturer or distinctive logo.
  - ii. Model or Type Number
  - iii. Serial Number
  - iv. Year of Make
- 9.4 Components and parts used in Solar Lanterns should conform to the latest BIS specification, whichever such specifications are available and applicable.

#### **10.0 Quality & Warrantee**

- 10.1 Components and parts used in CFL based solar Lantern should conform to the latest BIS / international specifications, wherever such specifications are available and applicable. A copy of the test report / certificate stating conformity of BIS / international standards must be submitted to the test centre.

10.2 The PV module will be warranted for a minimum period of 10 years from the date of supply and the CFL solar lantern system will be warranted for a period of at least 2 years from the date of supply. The battery should be warranted for a period of at least two year

#### **11.0 Documentation**

11.1 An operation, instruction, maintenance manual in English & in the local language should be provided with the Solar Lanterns. The following minimum details must be provided in the manual :

- (i) About Photovoltaic
- (ii) About Solar Lanterns – its components and expected performance
- (iii) About PV Module
- (iv) About CFL
- (v) About Battery
- (vi) Clear instructions about Mounting of PV Module(s)
- (vii) About Electronics
- (viii) About Charging and Significance of Indicators.
- (ix) DO's and DON'Ts
- (x) Clear instructions on Regular Maintenance and Trouble Shooting of Solar Lanterns
- (xi) Name and address of the person or service center to be contacted in case of failure or complaint.

11.2 Any minor equipment and material which may not be specifically mentioned in this specification but are required to make the system complete in every respect in accordance with technical specification and guaranteed performance of the equipment shall be deemed to have been covered under the scope of this specification and shall be provided by the Supplier within the quoted price.

11.3 The Supplier shall satisfy JREDA that the Supplier possesses the necessary technical experience and has at his disposal suitable facilities and staff to ensure that the contract shall be executed with the best quality material and workmanship within the stipulated time. Necessary particulars in this regard shall be furnished with the Tender.

11.4 The equipment supplied shall be new and best of their kind and of latest technology on the date. All materials and equipment shall comply with the MNRE Standards.

11.5 The equipment shall be designed to have maximum reliability and ease of operation and maintenance as primary consideration. The equipment offered shall be of a family having basic design as per which other equipment have already been supplied and which have operated efficiently and reliably elsewhere at least three years under similar climatic and operating condition. Operation feedback for such equipment already supplied shall be attached with the offer.

11.6 All equipments supplied shall be guaranteed for quality workmanship and compliance with the specified requirements for integrated performance to deliver rated output.

## 6. Proforma – 1

<b>Forwarding Letter</b>
--------------------------

NIB NO: JREDA/SPV/01/SLs(LED and/or CFL)/2010-11      Date : 00.00.2010

To,  
The Director  
Jharkhand Renewable Energy Development Agency (JREDA)  
Plot No. 328/B, Road No. 4, Ashok Nagar,  
Ranchi – 834002.

**Sub : Offer In Response to Notice Inviting Bid No. JREDA/SPV/01/SLs(LED and/or CFL)/2010-11 for Manufacturing, Supply & Testing Including 2 Years warranty Contract of Solar Lanterns Under Solar Photovoltaic Program**

Sir,

With reference to the above we are submitting this offer after having fully read and understood the nature of the work and having carefully noted all the specifications, terms & conditions laid down in the bid document. This offer is hereby submitted in two different envelopes sealed inside a third envelope duly marked and sealed as indicated below :

Part – I (Technical Proposal) : Submitted in original plus one copy (1+1)

Part – II (Financial Proposal) : Submitted in one original copy only (1+0)

We also confirm that :

1. We are an Indian company/firm.
2. The components of SPV systems shall be indigenously manufactured.
3. We have never been debarred from executing similar type of work by any Central/ State/Public Sector Undertaking/Department/Nodal Agency.
4. The Bid Document is purchased from JREDA office/downloaded from JREDA website (strike whichever is not applicable) and necessary document in support is enclosed.
5. We shall execute the offer/work order as per specifications, terms & conditions of the Bid Documents on award of work.
6. Our offer shall remain valid for placement of purchase orders up to 180 days from the due date of submission of offer.

7. If at any time, any of the declarations submitted by us is found to be false, our offer or order is liable to rejection.

Yours faithfully,

(Signature of Authorized Signatory)

Date : 00.00.2010

(To be submitted in Rs. 50/- Non-Judicial Stamp Paper to be purchased in the name of the issuing bank)

To,

The Director

Jharkhand Renewable Energy Development Agency (JREDA)

Plot No. 328/B, Road No. 4, Ashok Nagar,

Ranchi – 834002.

WHEREAS ..... (Supplier's name)  
(hereinafter referred to as "Supplier"), a company registered under the Companies Act, 1956 and  
having its registered office at ..... is required to  
deposit with you, the Purchaser, by way of Earnest Money Rs. ....  
(Rupees ..... only) in connection with its tender for the  
work with reference to Notice Inviting Bid (NIB) No. .... dated  
..... as per specification and terms and conditions enclosed therein.

WHEREAS the Supplier as per "Notice Inviting Bid, point no. 9 Earnest Money" has agreed to  
establish a Bank Guarantee in Your favour through us valid up to .....  
(date) instead of deposit of earnest money in cash.

WHEREAS you have agreed to accept a Bank Guarantee from us in ..... instead of  
earnest money in cash from the Supplier.

1. We ..... (Bank) hereby  
agree and undertake to pay you on demand the said amount of Rs.  
..... (Rupees ..... only) without any  
protest or demur in the event the Supplier/Tenderer after submission of his tender, resiles from  
or withdraws his offer or modifies the terms and conditions thereof in a manner not acceptable  
to you or expresses his unwillingness to accept the order placed and/or letter of intent issued  
on the Supplier/Tenderer for the work under "Notice Inviting Bid Ref.  
No.: JREDA/SPV/01/SL(LED and/or CFL)/2010-11 dated 00.00.2010".
2. Your decision as to whether the Supplier/Tenderer has resiled from or has withdrawn his offer  
or has modified the terms and conditions thereof in a manner not acceptable to you or has  
expressed his unwillingness to accept the order placed and/or Letter of Intent issued by you on  
the Supplier/Tenderer for the work under "Notice Inviting Bid Ref. No. :

JREDA/SPV/01/SL(LED and/or CFL)/2010-11 dated 00.00.2010" in this regard, shall be final and binding on us and we shall not be entitled to question the same.

3. Notwithstanding anything contained in the foregoing, our liability under this Guarantee shall be restricted to Rs. .... (Rupees ..... only).
4. This Guarantee shall remain valid and in full force and effect upto ..... (date) and shall expire thereafter unless an intimation is given to the Bank by you earlier in writing discharging us from our obligation under this Guarantee.
5. We shall not revoke this Guarantee during its currency except by your consent in writing.
6. This Guarantee shall not be affected by any change in the constitution of the Supplier/Tenderer or yourselves or ourselves but shall ensure to your benefit and be enforceable against our legal successors or assignees by you or your legal successors.
7. Notwithstanding anything contained herein above unless a demand or claim under this Guarantee is made on us in writing within six months from the date of expiry of this Guarantee we shall be discharged from all liabilities under this Guarantee thereafter.
8. We have power to issue this Guarantee under our Memorandum and Articles of Association and the undersigned who is executing this Guarantee has the necessary power to do so under a duly executed Power of Attorney granted to him by the Bank.

Signed and Delivered

For and on behalf of ..... Bank.
